# About this Repository

Brief introduction of the NetApp Solutions repository - where to find specific solutions and how to use this repository.

## Navigation of the Repository

Navigation of the repository is managed by the main sidebar which is presented on the left side of the page. Solutions are categorized into higher level technical areas defined as the "technology towers" for NetApp Solutions.

### Overview of Technology Towers

Section	Description	Content Landing Page
Artificial Intelligence	Collection of AI based solutions. The AI landing page offers popular content presented in content specific "tiles".	<a href="#">AI content</a>
Modern Data Analytics	Collection of Modern Data Analytics solutions (e.g. Splunk SmartStore, Apache Spark, etc.). The Modern Data Analytics landing page offers popular content presented in content specific "tiles".	<a href="#">Modern Data Analytics content</a>
Hybrid Multicloud with VMware	Defines NetApp in a hybrid Multicloud model - including VMware in the Public Cloud and NetApp Storage options in each of the hyperscalers. The hybrid Multicloud landing page offers popular content presented in content specific "tiles".	<a href="#">Hybrid Multicloud with VMware content</a>
Hybrid Multicloud with Red Hat	Defines NetApp in a hybrid Multicloud model - including Red Hat technology in the Public Cloud and NetApp Storage options in each of the hyperscalers. The hybrid Multicloud landing page offers popular content presented in content specific "tiles".	<a href="#">Hybrid Multicloud with Red Hat content</a>
Virtualization	Collection of virtualization core solutions, including desktop virtualization. The Virtualization landing page offers popular content presented in content specific "tiles".	<a href="#">Virtualization content</a>
Containers	Collection of container based solutions. The Virtualization landing page offers popular content presented in content specific "tiles".	<a href="#">Containers content</a>
Business Applications and Databases	Collection of business applications and database solutions. The SAP and SAP HANA landing page offers popular content presented in content specific "tiles". Oracle and SQL Server database solutions are also covered in this section.	<a href="#">SAP and SAP HANA content</a>
Data Migration and Data Protection	Collection of data migration, data protection and data security solutions.	
Solution Automation	Overview of getting started with solution automation using Red Hat Ansible.	

## Change Log

All major changes to the repository (new solutions, major updates, new videos / demos, etc.) are tracked in the [change log](#).

## Feedback

Please use [this link](#) to request changes to content or provide feedback on the content. Please be as specific as possible to ensure that your feedback is addressed appropriately.
